

Dear OMIG member,

OMIG is pleased to announce details of the OMIG PGR Prize Symposium 2019.

This will be held at the School of Dental Sciences, Newcastle University on **Thursday 21st February 2019** from 12.00 to 5.00pm.

Registration will be free.

The idea of the meeting is to allow PhD, MSc and other early career researchers in the fields of oral microbiology, oral immunology and related fields to present their work (often for the first time) in a friendly and stimulating environment.

OMIG therefore warmly invites postgraduate research students in oral microbiology, oral immunology or related field to attend and present their work in two formats:

- 1). 15-minute oral presentations. Please submit a title and 300-word abstract by **Monday 14th January 2019** (IADR format - may suit later stage students).
- 2). 3-minute flash presentations (maximum of four slides). Please submit a title and 100-word abstract by **Monday 14th January 2019** (may suit early stage students).

Please send all abstracts to Dr Marcello Riggio (Secretary/Treasurer, OMIG):
marcello.riggio@glasgow.ac.uk

Students **and** supervisors are all welcome to attend, whether presenting or not, to get together and discuss oral microbiology and immunology in a friendly atmosphere.

All accepted speakers will be contacted by **Monday 21st January 2019** to confirm acceptance.

OMIG will award a prize for the best oral presentation in each category.
